

Ruidian Green Energy Technology Co., Ltd., the main operator of Absen Energy business, is a majority-owned company under Absen (300389), headquartered at Cloud Park, Bantian, Longgang District, Shenzhen. It specializes in energy storage, focusing on the R&D, manufacturing, and sales of products for residential, commercial, and industrial energy storage. We are committed to being a trusted green energy supplier.

As a firm supporter of China's carbon peaking and neutrality goals, Absen Energy is committed to promoting the development of green energy, with sustainability at the center of its corporate purpose. Its intelligent manufacturing facility has obtained ISO9001 QMS, ISO14001 EMS, QC080000 HSPM system, ISO45001 OH&S management system certifications, and its products are UL listed and CE marked. Believing that quality is the cornerstone of an enterprise, Absen Energy adheres to strict material selection criteria and normative manufacturing processes, while paying attention to service details, to create maximum value for its customers.

With a global strategy, Absen Energy's sales and service network covers the United States, Europe, Japan, Australia, Mexico, Brazil, and other countries and regions. We are committed to providing clean, smart, safe and sustainable energy storage products and services that benefit every individual, family and organization.
